Mr. Dion nominated Theresa Thibodeau to fill the position of Treasurer. There were no further nominations. Mr. Bird seconded the motion. Motion passed unanimously.

Ms. Hedgeman stated that the Board will need to fill the Finance Committee and asked if there were any members who would be willing to be on the Finance Committee. Mr. Szozda, Mr. Keeler and Ms. Thibodau agreed to be on the committee. Mr. Bird made a motion to approve the members of the Finance Committee. Mr. Szozda seconded the motion. Motion passed unanimously.

Ms. Hedgeman stated that the Board will need to fill the Audit Committee and asked if there were any members who would be willing to be on the Audit Committee. Mr. Keeler and Ms. Thibodeau agreed to be on the committee. The board also recommended Mr. Santos be on the committee. Mr. Szozda made a motion to approve the members of the Audit Committee. Mr. Keeler seconded the motion. Motion passed unanimously.

Ms. Hedgeman stated that the Board will need to fill the Governance Committee and asked if there were any members who would be willing to be on the Governance Committee. Mr. Szozda and Mr. Dion agreed to be on the committee. The board also recommended Mr. Santos be on the committee. Mr. Keeler made a motion to approve the members of the Governance Committee. Ms. Thibodeau seconded the motion. Motion passed unanimously.

Overview of Current Projects

Mr. Scott gave the board an overview of his role as Bond Counsel to the IDA. He provided the board members with "An Introduction to Industrial Development Agencies in New York State "handout. Mr. Scott pointed out certain powers of the IDA, such as power to own real estate and the power to condemn real property, which are laid out in Section I paragraph c of the handout. He reported that the IDA currently has 1 active Bond with American Housing Foundation.

Mr. Scott stated that the most used powers of the IDA relate to Section I Paragraphs G, H and I and that our IDA has taken the additional steps in granting PILOTS by adding "clawback" provisions and "second look" provisions in our PILOTS whereby the IDA can review the financial records and make adjustments to the PILOT terms. Mr. Keeler asked Mr. Scott if we are using tax money when we grant a PILOT. Mr. Scott reported that we are not using tax money and we are not giving financial assistance to the applicant. He further reported that the property comes off the tax roll and the applicant then makes a payment in lieu of taxes (PILOT payment) with a portion going to the City, County and School District. Mr. Scott stated that he will be working with Ms. Hedgeman to set up training on the PILOT process.

Mr. Dion asked to say a few words regarding the IDA. He stated that under the leadership of Mike Jacobson and the Mayor of the City of Cohoes has seen a lot of new projects. He further stated that as a business owner he originally was not in favor of PILOT's in general but he has seen results in our City. Mr. Dion further stated that the reality of what is going on in the City is in this room and we need to move forward for the best interest of the City.

Ms. Hedgeman stated that there is a lot of noise in the public and that everything that the IDA has done in the past 2 years has been done properly, and she is confident that the IDA is on firm ground.

Ms. Hedgeman gave the board a brief overview of JUNCTA project stating that the IDA has completed the subdivision process to separate the site into 4 separate parcels and that the IDA is currently under contract to sell 3 of the parcels. Ms. Hedgeman reported to the board that the IDA currently is the owner of 180 & 182 Ontario Street and that the IDA should be closing very soon on the property located at 178 Ontario Street and that the IDA is under contract to sell all 3 parcels to a developer.

Financial:

Mr. Durocher reported to the board that on January 1, 2016 the IDA had \$344,677.00 in cash and no assets and as of today the IDA has \$260,645.00 in cash and \$352,000 in assets. He reported that the IDA has purchased the JUNCTA site and 180 & 182 Ontario Street for investment. Mr. Durocher reported that the current balance on the Line of Credit Mortgage with Pioneer Bank is \$161,250 and we are paying interest only. Ms. Hedgeman stated that Line of Credit is for 180 & 182 Ontario Street and the funds will be paid back once we close with the developer, hopefully by the end of 2018. Mr. Durocher reviewed the balance sheet and he provided the board with a copy of the general ledger from January 1, 2018 to date. Mayor Morse stated that the balance sheet does not show the entire picture. He stated that the City has seen around \$400,000 in building permit fees from the projects that have come thru the IDA. Ms. Hedgeman stated that the IDA since her involvement has been through 2 successful audits and is in good shape. Mr. Durocher stated that he will need to add additional signees to the account. He stated that all checks need 2 signatures Ms. Thibodeau and Mr. Szozda will be added to the account to sign checks. Mr. Szozda made a motion to accept the Financial Report. Mr. Bird seconded the motion. Motion passed unanimously.

APPROVAL OF MINUTES:

Mr. Dion asked the members if they had any questions or revisions to the August 21, 2018 Meeting. There were no questions or changes. Mr. Dion made a motion to accept the minutes. Mr. Szozda seconded the motion. Motion passed unanimously.

Discussion

Mr. Jacobson stated that the IDA has received 3 Pilot Applications from Mr. Kaufmann.

Mr. Scott to give an overview of the proposal. Mr. Scott stated that the developer currently has 3 Pilots on his buildings and he is asking for an extension of his current PILOT agreements. Mr. Jacobson stated that the developer is looking to make major renovations to the building and amenities in order to be competitive with other luxury apartments in the area. Mr. Jacobson stated that Mr. Kaufman would like to come to the next board meeting to present his proposal. Ms. Hedgeman stated that we would provide the board members with copies of the new applications.

Mr. Jacobson also stated that all of the work that is done by the IDA is a direct result of the work coming out of the Economic and Community Development Office. He invited all of the members to stop into his office to see what projects are in the works.

Mayor Morse asked to address the Board. He stated that when he took over as CEO in 2016 his vision was to transform the City and he said that we are on the way to achieving that goal with \$80 million in new development. He further reported that the board updated many of its policies during the past 2 years. Mayor Morse stated that by the end of next year the downtown will be re-populated and there will be more new businesses. Mayor Morse thanked the new board members for serving on the board and he looks forward to working with the new board.

Being no further business, Mr. Dion made a motion go into executive session at 9:40 a.m. Mr. Szozda seconded the motion. The motion passed unanimously.

Executive Session ended at 10:40 a.m., no action taken.

Good afternoon Joseph --

Attached is the pro forma for Erie Point.

The PILOT value formula is 5% of the EGI which is on page 7 under Income & Expense of the pro forma, \$887,532. NYSDHCR requires the PILOT at this rate as proof of local municipal commitment to the development.

Please let us know if you need any further information or have any questions.

Thank you, Susan

Susan,

Thank for the materials noted below. I have reviewed with Michael Jacobson. In connection with residential projects seeking long-term PILOT structures, we typically request an explanation for the PILOT formula offered by the project applicant, along with a copy of the pro-forma for the Project.

Can you provide both to me and I will then review further with Michael? FYI, the next scheduled meeting of the City of Cohoes IDA is Tue, November 20. If we could receive the information by Friday this week, or Monday of next week, that would put us in a position to complete our staff review prior to the November 20 meeting.

HAND DELIVERED

Cohoes Industrial Development Agency 97 Mohawk Street Cohoes, NY 12047

November 15, 2018

Dear Cohoes Industrial Development Agency Board Members,

The City of Cohoes is working with Prime Companies, Inc. on a proposed development for a retail building and two multi-family buildings on a vacant parcel at 70 Delaware Avenue, Cohoes, NY, 12047. This property represents a key gateway to our City, and we look forward to seeing this vacant and underutilized parcel host a development that will welcome visitors and residents into our City. A key component of this site is a publicly accessible kayak and boat launch, which will open up our waterfront for public use for the first time in recent history and will be linked to our robust trail system.

The Cohoes Planning Board is seeking lead agency status on the SEQR Review. The involved agency has 30 days to respond. More information will be provided to you as plans develop.

Please forward any questions, comments or concerns you may have both about the designation of the Cohoes Planning Board as lead agency and the project's SEQR review to the City Planner at (518) 233-2130 or email at rreynolds@ci.cohoes.ny.us.

Thank you for your time.

Roleyn M. Reywolds

Sincerely,

Robyn Reynolds City Planner

Full Environmental Assessment Form Part 1 - Project and Setting

Instructions for Completing Part 1

Part 1 is to be completed by the applicant or project sponsor. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification.

Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information; indicate whether missing information does not exist, or is not reasonably available to the sponsor; and, when possible, generally describe work or studies which would be necessary to update or fully develop that information.

Applicants/sponsors must complete all items in Sections A & B. In Sections C, D & E, most items contain an initial question that must be answered either "Yes" or "No". If the answer to the initial question is "Yes", complete the sub-questions that follow. If the answer to the initial question is "No", proceed to the next question. Section F allows the project sponsor to identify and attach any additional information. Section G requires the name and signature of the project sponsor to verify that the information contained in Part 1 is accurate and complete.
